To register contact Sarah O'Grady at:
613-256-3610 ext 1 or sogrady@mvc.on.ca

Brought to you by :

Mississippi Valley Conservation

The [Children's Water Festival](#) is a FREE full day, science-based field trip, focusing on the value and fragility of our water resources. Grade 1-5 students are invited to explore our fun, educational and interactive [Discovery Centres](#). Each [Discovery Centre](#) complements the current Ontario Curriculum learning outcomes and promotes specific water resource and conservation messages that are clearly relevant and easily recognizable by children.

[Learning opportunities](#)

Physical science of water
Surface and underground water resources
Relationships between humans, plants, animals, soil, air and water
Water technologies

[Festival Schedule](#)

The festival begins at 9:30 am. Discovery Centres run until 2:30 p.m.

[School Responsibilities](#)

Transportation: Bussing costs are the school's responsibility.

Supervisors: Schools must arrange for 1 adult supervisor per 10 children.

What to bring: Lunch and appropriate clothing and footwear (rubber boots).
